Nancie Ryan

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SJR203

I oppose putting our police officers and ice agents in harms way of these monsters. They are trying to get out of our state. I think this will have a negative effect people wanting to join law-enforcement as a career path, therefore leaving the state of Oregon in deficit of the amount of police presence on our streets in inner counties. We do not want to put our law enforcement in harms way they need to be protected!
