Measure, Appointment or Topic: HB4113

HB 4113 is a bad bill. It is also yet one more attempt by a private developer who has been denied numerous extensions and expansions, to grab 250 acres of land set aside to protect farm and forest lands, habitat, and open space for conservation. This bill flies in the face of that. It would be a great loss for the public, as well as for our state's stalwart belief in conservation. The precedent it would set would be like setting a match to Oregon's forests and farmlands. Please refrain from doing this, and reject HB 4113.
