House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB4113

I support HB 4113 because it secures permanent conservation of the Metolius property while aligning the substitute development opportunity with workforce housing needs. Please move this bill forward. It solves two problems, both manufactured by the State of Oregon. This is not a rural sprawl proposal. It ties housing development to communities with documented need while ensuring permanent conservation protections remain in place.

Thank you.
