

Dear Oregon State Legislators,

I'm writing to express my opposition to SB 1599, the proposed new fuel tax. I believe Oregon should prioritize responsible budgeting and allocate existing funds more efficiently, focusing on road maintenance rather than subsidizing electric vehicle infrastructure. Many electric car owners are higher-income individuals who can afford their own charging costs. With over 250,000 signatures against this bill, it's clear the people are speaking. I urge you to respect our voices and reject this tax.

Sincerely, Larry Holler
