Bill SB 1599 - I am opposed to the governor and other members who are involved in trying to move this bill on to May ballot, knowing it will have a smaller voter turnout than the November elections and this is a backhanded way of getting the bill passed. The people voted to have it on the November ballot, we were told that it would be for months. Now our governor and other members are trying to push this through just so they get what they want instead of listening to the voters. This is absolute complete arrogance on her behalf and disregard for the people of Oregon. If she thinks no one is paying attention to her actions, she is very mistaken and this upcoming year will reflect there are consequences for your actions, and we will show that with our ballots. Our eyes are wide open!
