

Submitter: Rick Riker  
On Behalf Of: Grants Pass  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5701

The City of Grants Pass has limited industrial land and much of the undeveloped industrial land lack basic utilities, such as water, sewer and storm drainage. This renders the site basically unusable and difficult to attract new industry. The costs today to install such infrastructure are enormous and any support from the State of Oregon is not only welcomed but bordering on essential. Please support this bill for the State.
