Measure, Appointment or Topic: SB1586

Dear Legislators,

I am strongly opposed to SB 1586. My guess is that data centers may be planned for this land. Oregonians DO NOT want more data centers! As our snow pack decreases, we need to preserve and protect our watersheds. We do not have enough water to support big tech investments. We don't want our energy bills to go up. Data centers provide minimal jobs while taking a huge bite out of citizens' wallets. They have an extremely negative impact on our landscapes and environmental values. We want to preserve Oregon landscapes.

Please vote to protect our rural values and farmland!

Sincerely,
Nadene LeCheminant
