

Submitter: Terri Maragos
On Behalf Of: North County Food Bank
Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction
Measure, Appointment or SB5701
Topic:

I have been a North Tillamook County resident since 1975. Up till recently our North Tillamook County Food Bank has operated for the last 33 years. They have been forced to vacate their present location and need to build a new facility. I am in SUPPORT of help to cover costs of the infrastructure of their building project. This is an invaluable North County resource, especially in our current economic climate.
Thank you.
