

Submitter: Suzanne Wallis  
On Behalf Of: North County Food Bank Distribution Center  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5701

As a Nehalem full-time resident I am fully supportive of our state legislature doing everything possible to get our North County Food Bank Distribution Center up and running at its new location. My husband and I know how important this crucial service is to those here who experience food instability and we donate financially as often as we can. We care for our community members and hear nothing but praise for this food bank and its incredible volunteers.

Thank you.
