

Submitter: Robin Williams

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB4105

It is vital that House Bill 4105 fail. The passage of this bill would mean prioritizing clearcut timber harvesting at the expense of all other Oregon values, such as clean water, healthy habitats for fish and wildlife, recreational areas, and carbon absorption and storage, essential to reducing the effects of climate change. We must protect our already fragile forests!

Please make sure this bill does NOT pass!

Thank you.
