Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SJR201

SJR201 should not even be a discussion, the Oregon Kicker was put in place by a vote of Oregonians. This attempt to override the citizens of Oregon vote (I might add not for the first time) all because the State of Oregon is not fiducially responsible. Looking for funds when millions of dollars are being spent on illegals in our state millions of dollars are being spent in court fighting Oregons Own citizenry. Throwing money at homeless which is not working. WE THE PEOPLE voted to have the kicker you are the representatives of WE THE PEOPLE ask you to vote NO/oppose SJR201. Public schools were supposed to get lottery money, schools get property tax money maybe we are regulating the wrong end of education. Colleges should not even be part of the education funding, individuals pay to go to college tax dollars should not be supplementing that.

Again please vote no.
