Measure, Appointment or Topic: SB5701

To whom it may concern--

I support funding of a fire station at Disston in the Row River Valley. As a volunteer firefighter for our community, adding an additional fire station would be extremely crucial to help improve emergency preparedness and response times to aid in responding to emergency events, protection of homes, and protection of other resources in a very rural, high-wildfire area. Your support would help provide additional safeguard to a vulnerable Oregon community.

Sincerely,  
Benjamin Dubbs
