I'm writing in SUPPORT of the North County Food Bank New Distribution Facility Project. The food bank has helped feed our Tillamook County community for 33 years, and they have to move because their old building is being demolished. Many of us put a lot of time and energy into growing fresh vegetables for the purpose of sharing with the North County Food Bank, and having a facility that can manage these donations is important for our whole community. Please help us all be good neighbors, and support this project. This appropriation provides needed infrastructure for the project.
