Measure, Appointment or Topic: SB1572

I am NEUTRAL on [SB 1572].

Disruptive children based on their emotional and or other serious disabilities need special attention, which means more Special Education teachers are required.

What is next, separating 'A' students from 'B' students from 'C, D and F' students?

David S. Wall

Mr. Oregon Concurs, "God bless the Special Ed teachers! They have the patience and stamina of Job."
