I am opposed to this fast push to silence Oregonians. First the governor dragged her feet to sign the bill silencing Oregonians and now they want to catch Oregonians not paying attention by putting this measure on a ballot that I personally didn't even know existed in May. The constitution does not support this push, the people spoke against this bill and the legislature has no more business in this process so for the same legislature that is being denied by the people are setting the rules is not a democracy. The people will win. NOVEMBER IS THE RULE!!
