

Submitter: Sofia Zancock  
On Behalf Of:  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1514  
Topic:

Please do not support a policy that will punish people for surviving a housing crisis. We need to be focusing on rent control and having stable, long term housing, not shelters or sweeping people off the streets.

Enforcement first policies embed racial and economic inequalities. We need to be moving past this.
