

Submitter: Jessica Landstra  
On Behalf Of: Row River Rural Fire Protection District  
Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction  
Measure, Appointment or SB5701  
Topic:

Dear Members of the Legislature:

I am a volunteer Firefighter/EMT for Row River Fire District. Building a station in Disston to house emergency response vehicles will allow us to have apparatus closer to calls in a very remote part of the Row River Valley. There are many homes in the wildland/urban interface and being able to respond quickly to emergencies would allow us to mitigate them faster, instead of waiting for emergency responders that are coming from farther away. We are in need of a station to keep our emergency response equipment in good condition, so we are always ready for an emergency.

Sincerely,  
Jessica Landstra
