

Submitter: Jack Harris

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or SB5701  
Topic:

Senator Weber,

As a resident of Astoria, I want to thank you for your work in the legislature toward Consejo Hispano purchasing Casa Mariposa. This is a critical investment for the community, and legislative support would allow Consejo Hispano to stay focused on supporting the community rather than purchasing the building.

The Casa Mariposa (formally Peace Lutheran) is perfectly located in central, downtown Astoria and has facilities for gathering, classrooms, meeting space, a large kitchen and other amenities that would further the goals of the service community.

I have also emailed the co-chairs of the subcommittee.

Thank you again for your support,

Jack Harris
