As a long term advocate of quality land use planning and a former member of the Coos County Planning Commission, and a farm owner myself, I oppose any legislation to turn farm land, especially high quality farm land into anything else, ie housing, industry uses, etc. Farmland must stay farmland in perpetuity. Period. we are not making any more of it!!! Simply because we have farmland (close by) does NOT mean that we sacrifice it to housing, etc.,when in fact more housing, especially, means we need more food.....

Thank you for letting me state a simple fact: Farmland MUST remain farmland forever. -jolly hibbits 541 982 4445
