

Submitter:

Jennifer Carley

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1516

I fully support SB1516 in the interest of public safety and for protection of free speech without fear of harm to the speaker, their family, friends or organization. The threats that were made toward Salem City Council members recently should not have been legal, and should not be allowed to be made toward anyone, a member of the public nor a public servant.
