I signed to have this pit on the November ballot, we had to watch as Kotex thought this was so important that she held a special vote on a holiday weekend that she did not even attend, then because it was so important she waited a whole month to sign it, im done with her games Oregon came together as a collective of democrats and Republicans ro say no we want to vote on this in November and now she is playing more games and waisting more tax dollars trying to move it to may, stop her this not what we signed for. Stop her from playing games with what the people of Oregon want.
