

Submitter:	Tonya Graham
On Behalf Of:	Mayor's Office
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SJR203

Dear Legislators,

The Ashland community is deeply concerned by current events related to federal law enforcement agents acting on behalf of their agencies while wearing masks and not clearly identifying the agency they work for or their identification numbers. This potential constitutional amendment will give Oregonians the opportunity to make clear our general expectations within the state regarding law enforcement identification. While we are not experiencing any such issues at a community level with our local law enforcement agencies at the city or county level, there is good reason to consider taking a proactive step by placing a constitutional amendment before the people of Oregon.

Thank you for considering my comments.

Sincerely,  
Tonya Graham  
Ashland Mayor
