

Submitter: John Elizalde  
On Behalf Of: Interfaith Alliance on Poverty advocacy team  
Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction  
Measure, Appointment or SB5702  
Topic:

Dear Committee Members

The Interfaith Alliance on Poverty advocacy team has endorsed SB 5702 as a priority because it preserves our critical stock of affordable housing for the near future. We are faced with this annual transition of some affordable units losing their tax deferments or other financial instruments that keep rents low. Oregon needs your support of SB 5702 to assure we do not take steps backwards and lose vital affordable stock even as we struggle to expand our affordable inventory.

Thank you for your support for our vulnerable neighbors.
