

Submitter: Edward Mestman

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

I oppose SB1586. This bill is against the majority of residents of Hillsboro. The danger of this land grab (the largest in Oregon's history) is the development of more data centers in the area. Hillsboro already has their fair share of data centers. The environmental impact cannot be understated including improper use of the water supply, extreme noise pollution, the use of gas turbines polluting the air and the taking away of very valuable agricultural land. This bill has not had a public forum for people to voice their opinions. Do not let this legislation pass. It is bad for Hillsboro and all Oregonians.
