Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction  
Measure, Appointment or SB5701  
Topic:

We are writing to ask for your support for Casa Mariposa in Astoria. Consejo Hispano hopes to purchase a former church to serve as a welcoming and safe place that would provide health and wellness, workforce development and a range of other services for families that currently are having trouble accessing them. We are especially supportive of educational services such as after-school tutoring and summer enrichment programs that have been demonstrably effective in keeping kids in school, an especially important goal in a state with a relatively low graduation rate. Thank you for your consideration. And thanks for your decision to switch parties.
