Topic:

I am writing to express my support of funding for Consejo Hispano to purchase Casa Mariposa, and request that the sub-committee to help the community in Astoria purchase and repurpose an old church, which would help stabilize the service community on the North Coast.

As a Clatsop County therapist trained through the Master of Social Work path, I know the importance of community support for marginalized communities. Having a permanent home for Consejo Hispano, especially during this time of targeted abductions of our Latinx residents, would decrease stressors for the staff and participants of CH's services while the demand for those services has gone through the roof. Please consider the impact that this funding would have on our most vulnerable residents when you make your decision. Thank you for your time.
