Topic:

I am a resident of Nehalem in Tillamook County and writing in SUPPORT of the North County Food Bank New Distribution Facility Project. Many in our community, including seniors and people working in the health care sector, tourism and services industries, are desperate for food and clothing security. The food bank has helped feed our Tillamook County community for 33 years, and they have to move because their old building is being demolished. This appropriation provides needed infrastructure for the project. Please support this project that does so much good for everyone who needs help in our little corner of the North Coast. Thank you for your consideration.
