Measure, Appointment or SB1514  
Topic:

HB3115 has cost the city of Grants Pass and Josephine County hundreds of thousands of dollars that we don't have. It has made the city pay for costly accommodations that regular tax paying citizens don't receive. The homeless encampments that HB3115 demanded have cost our small town tourism dollars and our business district has suffered. We have limited law enforcement dollars and they have been tasked with catering to the homeless rather than the citizens. Please repeal HB3115 by passing SB 1514
