To the House Committee on Revenue,

As a homeowner the majority of my life, I have appreciated being able to own a home. My husband and I were able to have a stable living environment to raise our family and give our wonderful pets a loving home. We wished these same things for our children. Times were much different then. I have seen my children struggle with saving up for a down payment to become homeowners. It is so difficult to save while the cost of rent, basic needs and health care continues to escalate. HB 4136 is needed to make funds available to first time homeowners. I am asking you to support this bill to give deserving Oregonians access to home ownership.

Respectfully,

Lynn Cole
