The community supports the valuable, unreplaceable services of the North County Food Bank. Our community depends on the food and goods provided to all who come in seeking help. Equality and pride of self is practiced by everyone and the giving is from the heart without bias. We value the wonderful gifts given out to those in need and dignity is always given to all regardless of color, ethnic or social standing. Language and other possible barriers are addressed and care is given to all. The growth needs to be given to match the needs of the many people and families as needed.
