

Submitter: Daniel Hubner

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or SB5701  
Topic:

Capital Construction Co-Chairs Girod and Nosse,

I am writing to you as a resident of Astoria to express my strong support for Consejo Hispano's funding request to purchase Casa Mariposa--an old church which would be repurposed to provide a permanent space to stabilize the service community on the North Coast.

I can say from firsthand experience that Consejo Hispano's staff and volunteers have had an extremely impactful and positive role in our community's collective response to recent federal actions. Investing in a permanent home for the organization and the essential services they provide would truly be greatly beneficial for our region.

Thank you,

Dan Hubner  
Astoria
