

Submitter: Hank Lay  
On Behalf Of:  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1586

I am writing to express my deepest opposition to this measure. It is at the very least short-sighted, as we have already seen the problems data centers have brought to other communities across our nation. There is no reason good enough to bring this type of industry to our city and destroy the prime agricultural land it will need to function, not to mention the strain on water resources. As someone who works in the water treatment industry, I know how much water will be needed for data centers such as these; our communities will end up bearing the costs as large corporations benefit from the enormous tax cuts you're proposing. Once again, I reiterate my strong opposition to this bill. Thank you.
