

Submitter: Olivia Mercado
On Behalf Of: North County Food Bank
Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction
Measure, Appointment or SB5701
Topic:

In support of North County Food Bank:

I have volunteered at the NC Food Bank for several years and have seen the number of clients increase dramatically during my time as a volunteer. There were days when we served over a hundred families. I have not been able to continue this direct support since Covid. So I can only imagine that the need is much greater at this time given the status of the overall economy and cost of food. Please support this vital service to continue.
