

Submitter: Viki Davis

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5701
Topic:

I personally have not needed the food bank yet though have had situations where it would have been good to take advantage of it. Pride. I know so many people in the area that need it and use it. To have access to this support in the north county will be helpful to so many people in need. The expansion needed will will help support more of those in need and help preserve and store donations. Please approve this project. I am a registered voter and resident of North county
