I live in North Tillamook County where our Food Bank has been in operation for 33 years. There has been and will be need in the future unless something changes in our society ... not likely. I believe this is a reasonable investment of state dollars that will provide returns for decades to come for the people of Tillamook County. The site has room for expansion, and the utilities will support future needs.

Please allocate funds for the North County Food Bank New Distribution Facility project.
