Measure, Appointment or SB5701  
Topic:

I'm writing in supportive Senator weber's request for funds for site improvement for the North County Food bank. This location, behind the thrift store, is perfect for serving individuals in our community in need of support. I encourage you to provide the funds that are necessary to let this project go forward. I've been a supporter of this food bank for decades. They do great work. And now they need help.
