Capital Construction
Measure, Appointment or Topic: SB5701

Supplemental food supplies provided by the North County Food Bank (NCFB) are critical to the health and well being of the many low-income residents of north Tillamook County. NCFB has been operational for 33 years and is an integral part of volunteer support for this rural community. It's closure due to decommissioning the old hospital building would be devastating for many families. There are NO long term alternative suitable facilities available.

NCFB's plan to build a new facility is a bold response to this desperate challenge, and deserves the support of the State.
