Committee:

Senate Committee On Finance and Revenue

Measure, Appointment or Topic:

SB1586

I am writing to oppose measure 1586 expanding the urban growth boundary and encouraging large scale corporate development via tax credits would lead to the destruction of important agricultural and natural spaces that support small local business and environmental sustainability. I encourage you to consider supporting measures that center growth without sacrificing the land and pre-existing community viability. Please vote no on measure 1586.
