Measure, Appointment or Topic: SB1517

I am writing to respectfully urge you to oppose SB 1517 as amended by either the -6 or the -7 amendments.

As a supporter of Oregon's recreation and fitness community, I remain concerned that SB 1517 -6 or -7 does not solve the insurance crisis facing providers across the state. The amendments, while representing an improvement, still fail to provide the clarity and predictability insurers need to re-enter or remain in Oregon. No other state does what this proposal seeks. SB1593 on the other hand, has overwhelming bipartisan support, will address the recreational insurance crisis, and is already further along in the process.

As a sole proprietorship, struggling to stabilize after devastating wildfires on the McKenzie River, these types of costs are a make-or-break issue for our 40-year old family business.

Please refocus your efforts to support SB1593!
