February 10, 2026

Greetings and best wishes to all the hardworking Oregon Senators,
Representatives and their staff members.

In a short session, I think it's best if we can be brief in our requests.

This letter has been written to encourage and request your support of our beloved local food bank, the North County Foodbank of Tillamook County. You have before you a request for \$275,000 to complete a capital funding campaign for their new PERMANENT facility to serve people who need our help in North County. You are already aware of the crisis in both funding and need in smaller communities in rural Oregon. Your support of this request will make an enormous difference to our local organization's ability to stay on solid footing for the immediate and long term.

The City of Manzanita extends its full support for this request, and we hope you can make it happen.

With respect and thanks for all the work you do for all the people of Oregon...

Sincerely,

Kathryn Stock

Mayor, Manzanita Oregon
