I am writing in support of Sen. Suzanne Weber's request for funds for site improvements to build a new food distribution facility for the North County Food Bank. The food bank is critical to maintain the health and welfare of community members that have been disfranchised by the current economic situation.

As you may be aware the current food distribution location at the decommissioned hospital is no longer tenable. Please allocate funding from the Lottery Dollars to pay for the utility infrastructure necessary for construction of this new modest facility.

The new site is shovel ready and any delay in getting the sewer, water and electrical infrastructure installed will increase the cost of labor and materials. NCFB has secured enough funds, via donations to pay for rest of the building construction. Time is of the essence.

Kindest Regards,
