

Submitter: Lisa Brice  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

Please oppose HB 4105

This Bill prioritizes clearcutting Oregon forests over clean water, clean air, outdoor recreation & forest health. Timber harvest should not be the priority. Preserving old growth and forest health should be priority.

Logging done with the latest science will provide a supply of logs for the future. Salmon can return and ocean temperatures can be returned to lower rates for our planets health.

I urge you to protect our legacy forest, safeguard fish & wildlife and protect our communities. Oregonians want to hunt, fish, & recreate in the woods.

Thank you

Lisa Brice
