Please SUPPORT Sen. Suzanne Weber's request for funds for site improvements to build a new distribution facility for North County Food Bank. The food bank is a critical part of the safety net for our Tillamook County neighbors who face food insecurity. Our local food bank has been a consistent distribution space for 33 years. Their continued presence is important to our community.

Your allocation of funds to bring critical infrastructure elements, including water, sewer, and electricity, to the site will provide about 25 percent of the funds necessary for the project. NCFB has secured donations and grants to construct the rest. I believe this is a reasonable investment of state dollars that will provide returns for decades to come for the people of Tillamook County. The site has room for expansion, and the utilities will support future needs.

Our community has a large population that utilizes the food bank for their food and clothing. There would be a really void in resources for these people without the Food Bank.

Please SUPPORT funding site improvements to build a new distribution facility for North County Food Bank.

Thank you!
