I am opposed to Senate Bill 1586. This bill takes the citizens rights away and gives it to big business. The green new deal is nothing but a scam. Nothing about wind and solar is efficient energy, it is not from science but a scheming plot to cost citizens of Oregon more money year after year. Who are you going to tax and collect rates from when there are no citizens or businesses left? All I see is funding more corruption of Oregon in this senate bill, if passed, and I am against it.
