

Submitter: Kristen McKee

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

Hello, My name is Kristen McKee. I am a resident of Portland, Oregon, and I am here to uphold our responsibility to the land, the water and the creatures who live here (including you and me). Over the past 300 years, there has been a drastic change in the way that people are interacting with the land and water here. In the interest of the health of our local ecosystem (which is in far more jeopardy than our economic system), I'm asking you to prioritize needs for food sovereignty, local natural resources and the people who live and work in and around Hillsboro. I urge you to act with respect, care and humility and to oppose SB 1586.

Thank you for your honest consideration.
