

Submitter: Jane Bicquette

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4084

House Committee on Revenue,

I oppose this bill. I cannot see adding \$40 Million dollars in investments until investment dollars already spent on this Zoning agenda are clearly presented. Furthermore, the tax breaks are not tied to investments in Oregon. Ending property tax breaks for data centers will still maintain an attractive deal for such businesses wanting to locate on the west coast. Please amend this bill so that there are no property tax breaks.

Thank you,
Jane Bicquette
