Measure, Appointment or Topic: SB1586

Dear Committee,

My name is Karen Tabares and am writing to express my opposition for this development. The area is already being heavily polluted by data centers in Hillsboro daily. The beauty of Oregon is all about the farmlands, water sources, tall and old trees, and being able to experience the seasons through our land. To tear down beauty for pollutant data centers would be a disgrace for the entire county, visitors, and wildlife. We, the residents of Washington County and Oregon, refuse to allow the development of data centers. That is NOT what we want or need. Thank you for your time.
