

Submitter: Sawyer Adams
On Behalf Of:
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1586

To the committee:

Hello, my name is Sawyer. I live on Sunset Hwy. I am 8 years old. I really think what is being proposed is not right. My grandpa has taught me a lot of things about fields and crops and how to plant them to keep us healthy. If we lose the land to do this, it will hurt the environment and the people it supports. It also hurts the watershed and the wild animals that it supports. The data centers will take the water, leaving not enough for the people and wildlife of the area. It will also use up the electricity that the that the residents need. I truly think this is not the right thing for our community. Please support agriculture and its strong history in Oregon.
