Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

This bill has failed several times because it is bad business for the citizens of the area. Tax abatements only help the companies, utility rates for locals gain no benefits, lose water table with these energy plants, are at risk of chemical industry exposure, supply few jobs and most importantly it destroys FOREVER our class I and II soils! Stay off our farmland! No farms, no food!
