Measure, Appointment or Topic: SJR201

I whole heartedly oppose SJR 201. Let's wrap our minds around this, you want to give more money to an institution that is failing in every aspect imaginable. Graduation rates are down, reading, mathematics and science comprehension are at the bottom nationally. Government schools turn out nothing but young Marxists. No thank you, I will take my hard earned 'kicker' and help fund private education for students/parents that really care about educating children. SJR 201, oppose please. No union payoffs.
